How you can develop a second brain using Microsoft OneNote

Think of Evernote as your second brain: it captures all of the notes, tasks, emails, ideas, images, articles, and webpages you want to remember, then synchronizes all of that information across all of your devices and makes it instantly shareable with anyone – whether they use Evernote or not.

Evernote Training & Implementation - More Time For You

“In 2014 I described Evernote as my second brain and it’s still, for me, the best place to file those snippets of information. I had to learn how to use notebooks and stacks to get the best from it but it is definitely something that improves the more you use it.
