Complete Excel 2016 Guide: Master Spreadsheets Today!

You'll probably have a good reason for it: Inserting emojis or similar symbols into an Excel cell. Before we start we should probably mention the bad news: the emojis you have on your mobile phone are only possible to insert on a Mac.

Emojis in Excel: How to Insert Emojis into Excel Cells

A while ago I documented for AcrobatUsers.com how to manually import an Excel data record into a PDF form. You can find this information here: Can I import data from an Excel spreadsheet to a fillable PDF Form? This is very useful if you only have to deal with one or a few records that you need to import into PDF forms, but what if we are talking about 10s or 100s of records?
