explorations in financial ethics pdf

General Education for Undergraduate Students At CSULB, General Education is an important part of the undergraduate educational experience. A well-planned General Education program of study will provide students with the skills they will need to excel in whatever disciplines they choose to pursue.

General Education Requirements | California State

Medical ethics is a system of moral principles that apply values to the practice of clinical medicine and in scientific research. Medical ethics is based on a set of values that professionals can refer to in the case of any confusion or conflict. These values include the respect for autonomy, non-maleficence, beneficence, and justice. Such tenets may allow doctors, care providers, and families ...

Medical ethics - Wikipedia

Virtue ethics is currently one of three major approaches in normative ethics. It may, initially, be identified as the one that emphasizes the virtues, or moral character, in contrast to the approach that emphasizes duties or rules (deontology) or that emphasizes the consequences of actions (consequentialism).

Virtue Ethics (Stanford Encyclopedia of Philosophy)
